

Grow Sweet Potatoes in the San Juan Islands?!

San Juan Island Grange #966 invites you to a **FREE** zoom and in-person workshop on growing sweet potatoes in our maritime climate, Tuesday, April 5, 12:30 - 1:30pm.

Join WSU Extension Vegetable Specialist Dr. Carol Miles and WSU graduate student Srijana Shrestha to learn about cultivation of this specialty crop and lessons learned from a recent sweet potato trial at NWREC Mt. Vernon. Workshop participants will receive sweet potato roots to plant this spring. For in-person attendees, the workshop will be followed by a brown-bag lunch and discussion with the speakers.

Attend via zoom (link at www.sanjuangrange.org/events.html) or in-person at San Juan Island Grange Hall.

San Juan Island Grange #966 does not discriminate on the basis of race, color, religion, gender, gender expression, age, national origin, disability, marital status, sexual orientation, or military status, in any of its activities or operations. All are welcome to Grange public events.
