

Overmarsh Farm Commons

Community Garden

Plot Registration & Fees

Plot Registration

- People interested in joining the community garden must submit an [Overmarsh Farm Commons Grower Application](#) to be added to a waitlist. Garden plots are assigned yearly as space is available.
- Only one plot may be assigned per household. Additional plots may be assigned to a gardener on a case-by-case basis when there are vacant plots and no waitlist.
- If a garden plot is used by an organization or group (such as a school, cultural, or tribal organization) one person should act as the primary contact for the group. They will receive all of the correspondence about the plot and will be responsible for sharing information and garden policies with participants.
- All program participants agree to follow the Community Garden Program Policies when they register for a garden plot.

Refund Policy

If a garden plot is voluntarily relinquished and notification given to the Farm Manager by April 1st, the plot will be reassigned and refunded, aside from \$30 administrative fee. No refunds will be given after this date. No refunds will be issued for plots that have been revoked (see OFC Community Garden Policies).

Plot Renewal, Release, and Transfer

Plot renewal happens each November. All gardeners in good standing will have the opportunity to renew their reservation and keep their plot for the next year without interruption.

- Gardeners may request transfers to larger or smaller plots, different gardens each year.
- If you are no longer using the garden plot, contact Amanda to release the plot so it can be assigned to a new person from the waitlist.
- When you are done using your plot, you must remove all plants, weeds, structures, and personal items so it is in good condition for the next gardener.

Plot Sizes & Sliding Scale Fees

Plot fees cover one full garden season, from **November 1 – October 31**.
